## Artificial Intelligence (AI) and Machine Learning (ML) Programs

### Shaping Future-Ready Tech Professionals

Empower your future with cutting-edge Artificial Intelligence education designed for students, graduates, and working professionals.

## AI PROGRAMS OFFERED

### Basic AI Certificate

🕒 3–6 Months | 🎓 10+2 / Any Stream

Introduction to AI, Machine Learning basics, and real-world applications.

### Advanced Certificate in AI

🕒 6 Months | 🎓 Any Graduate

Machine Learning, Deep Learning basics, Python for AI, and projects.

### Diploma in Artificial Intelligence

🕒 1 Year | 🎓 Graduate / Diploma

ML, DL, NLP, Computer Vision, AI deployment, capstone project.

### Post Graduate Diploma in AI

🕒 1 Year | 🎓 Any Graduate

Generative AI, LLMs, ethics, cloud AI, internship/research project.

## WHY STUDY AI WITH US?

- ✦ Industry-aligned curriculum
- ✦ Hands-on practical learning
- ✦ Expert faculty & mentors
- ✦ Real-world projects
- ✦ Career guidance & certification

Artificial Intelligence (AI) is transforming industries like healthcare, finance, education, manufacturing, and smart cities. Our programs prepare learners with practical, in-demand AI skills.

## WHO CAN APPLY?

- ✔ Students & Fresh Graduates
- ✔ Working Professionals
- ✔ Career Switchers
- ✔ Entrepreneurs & Innovators

Flexible learning paths for beginners to advanced learners.
